FROM CEO'S DESK

Jay Saraswat (Founder & Chief Executive Officer)

Happy to launch and introduce 1st Edition of WebMobril Connect.

The yearly journal will give you a complete walkthrough of WebMobril's value, innovations, environment, work culture, initiatives, accomplishments, candid moments, journey, roadmap and a lot more.

Let's start and continue to add and contribute our best practices to make WebMobril - the Best Place to Work, Learn, Grow and Inspire.

Inception of WebMobril Group was based upon how best we can contribute and create an ecosystem that is sustainable. To make it happen, we realise we have to build a system that is prosperous and provides career opportunities.

With that primary thought, WebMobril was incorporated in Y-2016.

Our mission and vision, sticks and revolve around our partners and people.

That fuels us at the core and drive us to put all our time, focus, efforts and energy in ensuring we serve and deliver our best for our partners and people at all the times.

In order to deliver quality and sustain expectations for our esteemed partners and people, WebMobril's core values: best customer support and client satisfaction, our people's satisfaction and grooming, transparency, trust, respect, adopting new technologies and contributions to society, all are aligned and executed to ensure we remain firm and committed towards the mission and vision of WebMobril.

Technology remains close to my heart and will always be.

In current times, technologies are not just changing over time but transforming. We need to cope up with the changing tech world and prepare ourselves as individuals and as a company. Hence all our plans are aligned with the same thought.

My success mantra in life has always revolved around carrying a lifestyle which is Kind, Calm, Humble, Balanced and with Patience.

We all go through happy and difficult times in life which always remain part and parcel of life. What becomes important here is - how we sail through these happy and difficult times. That creates our habit as to how we deal and reacts in different course of times and hence frame a gentle and firm characteristic.

I am proud of all the accomplishments which we were able to achieve in the last 6 years. This could not be possible without efforts from each one of WebMobril family members.

I congratulate and thank you for the efforts and values you all bring in. You are valuable part of company and will always be.

Let's continue to spread love, happiness and good vibes. Thank you!

Always Yours,

Jay Saraswat

Founder & Chief Executive Officer

FROM DIRECTOR'S DESK

Ravi Saraswat (Managing Director)

It's a great pleasure for me to unveil the very first edition of our annual magazine WebMobril Connect. I see this as one of the notable accomplishments we have made through our six years journey, which could not have been possible without the support of our highly esteemed clients, partners, and employees. Therefore, we have dedicated the first edition of this magazine to "Life at WebMobril."

Since its origin in 2016, WebMobril has constantly been evolving with its performance-driven approach, positive work culture and concrete client portfolio. I can gladly say that it is our ability to acclimatize with dynamic technologies and commitment to keeping the unique needs of our clients at the forefront that we have commendably raised to being a globally recognized group of companies. I would like to make a special mention of our experienced, diversified, multi-dimensional professionals who are consistently reinforcing the mission of our company to add a constant value to our stakeholders.

Our overall business strength is shaped by our core strategies and values, wherein we strive to uphold the competence and excellence of our products and services with the objective of adding value to our clients.

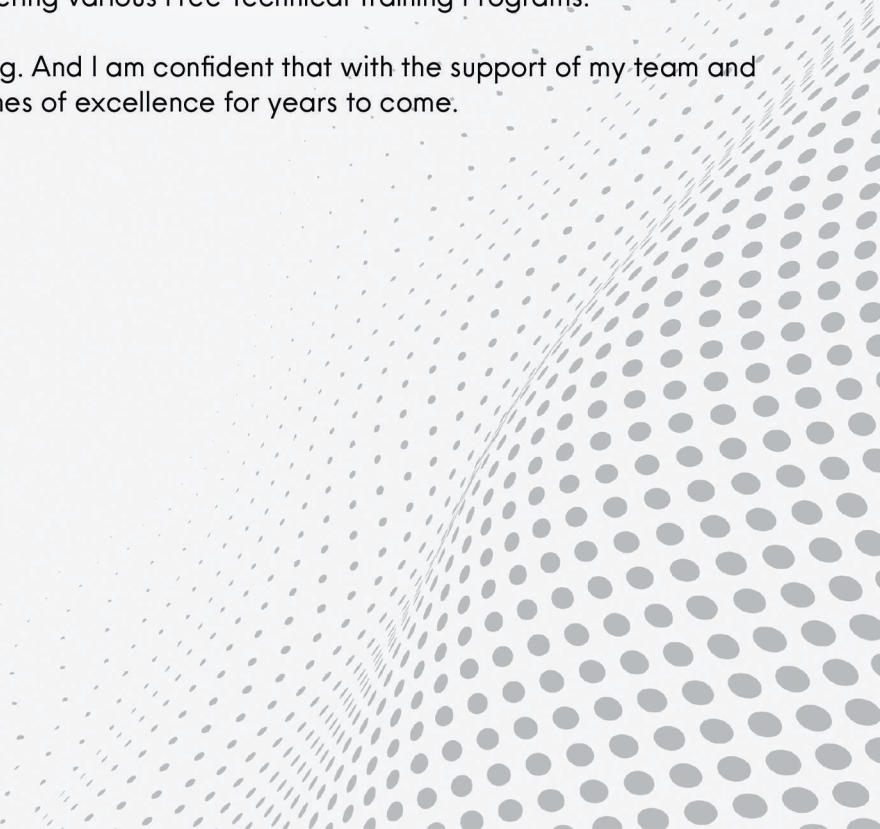

It is our vision to build up a strong foundation for WebMobril. We have moved forward with the same vision and diversified our business portfolio of WebMobril Group by starting from IT Services to IT Staffing, Travel, B2B Marketplace and FMCG domain. We are definitely looking forward to strengthening our roots by adding new businesses and domains as a part of the Group.

Our mission and vision are effectively streamlined that simplify our daily doings. With a sky-high mindset, we bridge the gap between rural and urban, rich and poor and human and inhuman by facilitating a non-profit/non-governmental organization 'Brij Care Foundation'. It aims to empower and educate underprivileged students by offering various Free Technical Training Programs.

The journey of WebMobril is never-ending. And I am confident that with the support of my team and clients, we will continue to scale milestones of excellence for years to come.

With Best Regards

Ravi Saraswat
Managing Director

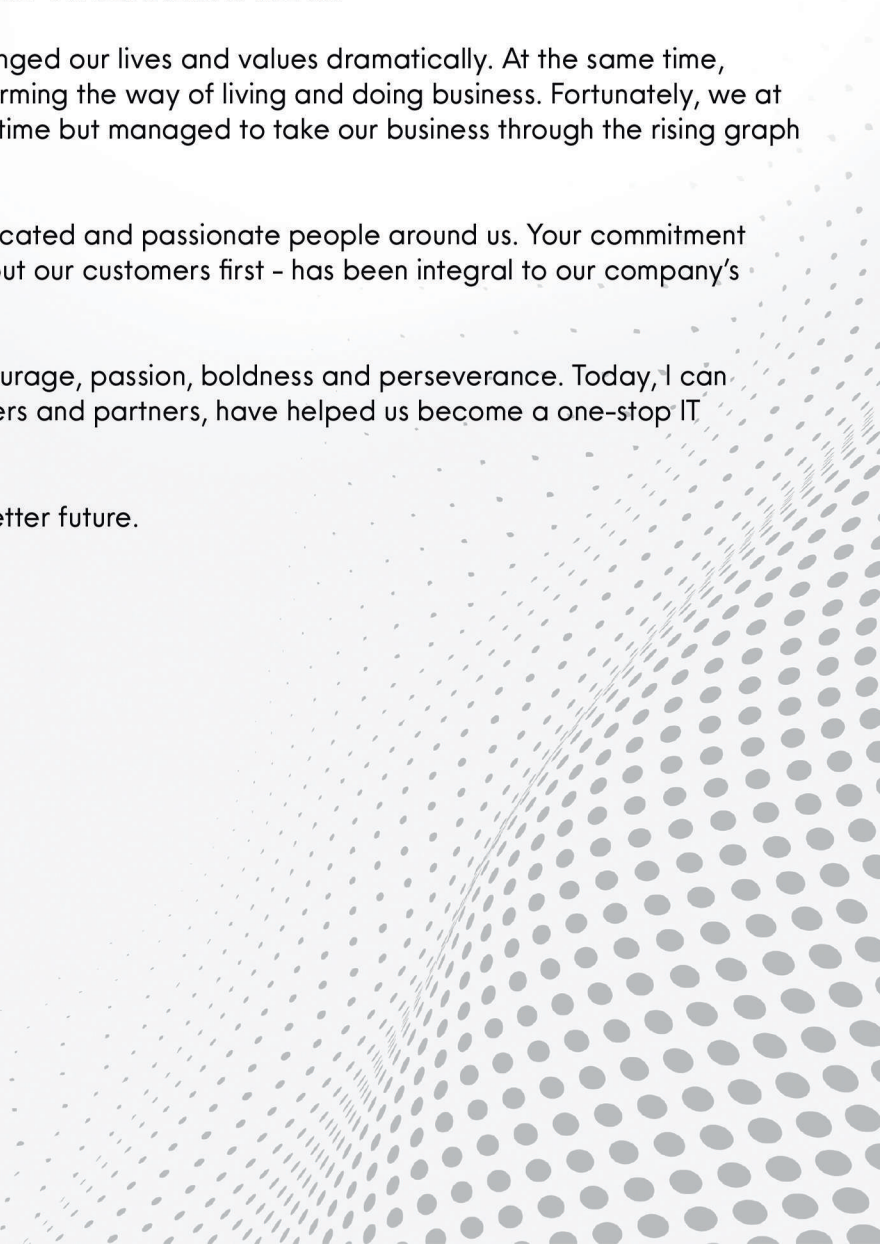

FROM COO'S DESK

Ajay Saraswat (Chief Operating Officer)

When I look back at the journey of WebMobril Technologies so far, I feel so proud of what we have achieved together. It highlights the progresses the company has made with the combined efforts of its leaders, partners, employees and customers.

Today WebMobril Technologies has become a global name in the IT industry due to our unwavering support and state-of-the-art solutions. Our esteemed clients recognize the distinguished value we bring to them in terms of superior technology, innovative solutions, service delivery and responsiveness to their needs. Ever since our inception, we have focused on catering to our customers with disruptive technological offerings tailored to their specific requirements. We must continue to build on their trust and be the most reliable partner to provide robust IT strategies for their operations.

Through organic growth and learning curve, we have strengthened our business, building a customer base that is substantially vast in our industry. WebMobril Technologies has attained a unique scale and level of expertise that meets our customers' critical business needs.

When the pandemic hit the world, it changed our lives and values dramatically. At the same time, digitalization progressed rapidly, transforming the way of living and doing business. Fortunately, we at WebMobril not only sustained the tough time but managed to take our business through the rising graph as well.

I am grateful to work with talented, dedicated and passionate people around us. Your commitment parallel to the vision of WebMobril - to put our customers first - has been integral to our company's progress and success.

The journey hasn't been easy. It takes courage, passion, boldness and perseverance. Today, I can proudly say that our employees, customers and partners, have helped us become a one-stop IT solutions partner.

Let's keep working together toward a better future.

Best Regards

Ajay Saraswat
Chief Operating Officer

FROM DIRECTOR'S DESK

Siddharth Sehgal (Director)

The last few years have been challenging for many businesses.

Coincidentally the timing of the inception of our new ventures and the pandemic made it more challenging for us.

As they say, all the learning happens during tough times. The pandemic did make us more resilient. We also made the organization lean and cost-effective. Also we were able to identify talent that could sustain during a crisis.

After every storm, there is a rainbow. WebMobril group of companies are now on a growth path with travel & hospitality opening up with IT becoming a cornerstone for most businesses. The opportunities in these businesses have grown immensely, both at the back end and for IT professionals.

We hope to close the Year 2022-23 on a positive note and with all divisions showing growth and profitability.

"You get in life what you have the courage to ask for."

Warm Regards

Siddharth Sehgal
Director

FROM CTO'S DESK

Vishnu Sharma (Chief Technology Officer)

Technology is changing, and global competition has made it compulsory to invest in innovations and build leading-edge solutions, driving the future of the business that requires technology vision with an innovation mindset.

At WebMobril, we focus on advancing our technical capabilities and skills and using them to solve challenges.

In our efforts to advance our technologies and develop solutions, we are promoting the adoption of digital technologies. We are constantly supporting new businesses in incorporating "Small start, quick win" in their development process using our agility.

Our belief within the team that "I am the change" has been driving us to achieve success for six long years. The capability and competency demonstrated in Mobile Applications, Websites, Microservices, Gaming and Cyber Security, to name some, have not only been able to deliver better, customized solutions but also support our customers in running their businesses successfully.

We take pride in saying that we make solutions possible.

Congratulations and wish great success to the wonderful performing "WebMobril Team" !

Vishnu Sharma
Chief Technology Officer

WEBMOBRIL'S JOURNEY

What began as a small Mobile App and Web Development Company in 2016 has eventually metamorphosed into one of the top Digital and IT Solutions Providers. Not only in Noida, but WebMobril has also successfully marked its presence in different Indian cities that include Indore, Bengaluru and Chandigarh. Today a nationwide workforce of over 300 employees is working dedicatedly to serve our customers with excellence and satisfaction.

WebMobril continues its unwavering focus on delivering innovative products and solutions to its customers, majorly from the United States, the United Kingdom, Canada and Australia.

In keeping with its spectacular 6 years of history, WebMobril Technologies intends to remain committed to supporting customers in their digital transformation with futuristic technology.

Establish a brand value and sustain in the cut-throat competitive market is not everyone's cup of tea. But when it comes to emerging brands, they are meant to cut corners and carve a niche in their domain. Becoming an iconic brand requires many traits one of those is being able to reach clients off guard. When we talk about leading brands in the domain of Game App and Mobile App development, nothing comes closer to WebMobril. The company scales its competitors with high-end solutions in the relevant domain blend with efficiency. It has established itself as the 'shining star' of the industry in the shortest span since the inception.

The company operates as a full service, Game App Development, Cyber Security, Mobile app development, Web development, and Digital marketing company offering effective solutions for mobile and web platforms. Making optimum use of technology, the prime motive of the company is to leverage disruptive technologies for smart and innovative mobility solutions for its clientele.

The consistent performance and high client satisfaction of the company highly influenced us and make us introduce the team with the world as the fastest growing game app development company of 2022. The company was established in the year 2016 when the founder & CEO, Mr. Jay Saraswat, was in his late 20s. Within a span of six years, the company has expanded itself incredibly, from having a workforce of 2 employees in 2016 to a huge employee base of 350+ people in 2022. The company has a pool of talented employees who keep bringing new ideas to the table. All thanks to the immense hard work, dedication, enthusiasm and support from an awesome team, the company has been following a learning curve since its inception.

siliconindia 10 MOST PROMISING MOBILE UI/UX DESIGN SERVICE PROVIDERS - 2019

WebMobril: Proficient Developer of Mobile Apps with Bespoke, Compelling UI/UX Design

In the current smartphone age, mobile applications with extensive functionalities and agile stand as the primordial reason for escalated smartphone usage among people. Gaurav Sarawat, Director, WebMobril, asserts, "A whopping 87 percent of time spent on mobile devices by users aged 18+ is predominantly because of mobile apps." Tapping this fast-paced sector of mobile app development, WebMobril builds apps that can fetch huge profits and top the charts. With strong trust that only User Interface User Experience (UI/UX) design can infuse long-lasting user experiences across any mobile app, the firm creates right from graphic design, page content, navigation pattern to hassle-free browsing experiences, always in tune with business requirements. Most importantly, the firm's UX team understands what the end-users crave for and amalgamates it with design, business & technological objectives, thus developing apps that matter to them. Above all, an optimum interactive UX is what WebMobril strives to nail!

About the Process
Standing in the forefront with insights on the industry's requirements, WebMobril is known for its intuitive designs enriched with the right blend of colors, themes, fonts and logos. Firstly, it garners the initial concept of the mobile app from the client and identifies what works and what doesn't by leveraging its expertise. This way, the firm works hand-in-hand with the client and creates intriguing UI/UX designs that work smoothly across all mobile phones and never degrade the app's performance. In this UI & UX design process, the firm develops a spectrum of deliverables unlike its competitors,

for instance Mood Boards, Visual Designs under UI and User Personas, User Flows under UX. By and large, WebMobril emphasizes greatly on ensuring right from design & code consistency, best orchestrated content & data to a convenient UI and highly visual & functional UX for the mobile apps.

Each UI/UX design at WebMobril is built on par with the industry standards and stringent design guidelines, while interactivity is imbued via AR & VR technologies. This ISO 27001:2013 certified firm also deploys React Native.js and Flutter to make intellectual mobile apps besides staying abreast of Cloud, Blockchain, Wearable Technology and other emerging technologies.

EE

We devise solutions that best suits the requirements of our clients through analytical thinking and deliver them jaw-dropping support services

"We devise solutions that best suit the requirements of our clients through analytical thinking and deliver them jaw-dropping support services," says Jay Prakash Sarawat, Director, WebMobril. The firm quickly responds to clients' queries, gives them proper attention and thus makes them extremely happy. No wonder, clients have been its biggest word of mouth publicity, wherein they have conveyed stories about its excellence and hard work.

A fast-growing company with two-fold growth in revenue, WebMobril is all geared-up to bag the same even in the coming FY. It has also witnessed a growth in employee numbers from just four during inception in 2016, to 80+ in-house experts currently. With innovation being its success factor, the firm is currently working hard on building proprietary products under on-demand services. Apart from this, it also has short-term plans of exploring new technologies and establishing physical business & development centres in the overseas markets. **■**

Mr. Prakash Sarawat, Director

MOBILE APPS / UI DESIGN

Webmobril Technologies

An emerging leader in the mobility solutions

Mr. Jay Saraswat, Founder & CEO

What We | Business Connect

From the ground up, creating a market is not a child's play. But when it comes to emerging brands, they are meant to cut corners and carve a niche in their domain. Becoming an iconic brand requires many traits, one of those being the ability to catch clients off guard. When we talk about leading brands in the domain of Mobile App development, nothing comes closer to WebMobril. It has established itself as the 'rising star' of the industry. It is a full service, Mobile app development, Web development and Digital marketing company offering effective solutions for mobile and web platforms. Making optimum use of technology, the motive of the company is to leverage disruptive technologies for smart and innovative mobility solutions. Its consistent performance and high client satisfaction have helped WebMobril gain good market reputation.

The company was established in the year 2016 when the Founder & CEO, Mr. Jay Saraswat, was in his late 20s. Within a short span of two years, the company has expanded its reachability from having a workforce

The company is seen as a great service provider that harness new technologies and come up with groundbreaking ideas to ensure the success of its clients' business. Talking about its USP, the company commits itself passionately to a project or task. It strives to understand the nature, needs and the end goal of business. It leaves no stone unturned in solving tricky software development challenges. Apart from clientele, the core purpose and aim of WebMobril is providing an amazing environment for employees who enjoy their work.

Result-focused mobility solutions
The company understands that the pursuit of passion simply lies in forming long term relationships with concerned clients. This enables these companies to achieve business targets by simply implementing target-oriented services. The company makes sure not to be lost in the crowd of similar companies. The extensive experience in designing, development and digital marketing, coupled with sound business skills, has helped Webmobril getting on board with numerous clients globally. Not only this, it went on to build long term business relationships with some fortunate companies. In addition to its core business of e-Commerce and service sites, WebMobril development a tree website. I do not have rating for skills, app, Web Devs?"

Future Plans
As a leading IT company to strengthen the help, they have the team to grow and be able to bring up to the table. It is a setting up to be a leading brand in the industry.

The team-gard
Jay Saraswat is a full (CEO) with optimal operations, through determination, he is successful.

GLIMPSE

FUN AT WEBMOBRIL

A quick recap of some of the special events, showcasing the collaborative, positive, & fun-loving culture of WebMobril.

PRIDE Awards

PRIDE is an acronym for the most important aspects of WebMobril - Performance, Responsibility, Integrity, Delivery and Excellence. The PRIDE Awards are an excellent way to recognize those individuals and teams who are going above and beyond to make WebMobril a stellar organization.

My Smiley, My Reward

Employee recognition is an expression of appreciation and gratitude for all the hard work and contributions made by an individual or team. My Smiley, My Reward is a simple gesture to acknowledge the hard work and achievements of individuals and team at WebMobril.

Halloween Day

Trick or Treat! Celebrating Halloween helps encourage fresh ideas and is an enjoyable thing we do together. Dressing up for Halloween always brings a ton of fun.

Women's Day

We believe women help build an inspiring work culture by bringing in healthy competition, fostering teamwork, and bonding, thereby helping the company grow to its full potential. We never miss cheering that substantial part of our workforce.

Funtastic Friday

We end every Friday on a happy note. We care about employee wellbeing and thus foster a fun work environment with 'Funtastic Friday' to make our employees less stressed, more productive, more creative, and more engaged.

Chillout Breaks

Small chillout breaks at the workplace set a good mood to work, contributing to better performance and higher productivity. This is how we at WebMobril stay in sound mind with our work lives.

FESTIVITY AT WEBMOBRIL

We encourage a diverse culture at WebMobril. Some festivity moments and celebrations of different festivals across our branches.

Holi Celebration

Cultural significance is at the core of our work environment, a glimpse of the Holi celebration is its great indication. The colorful celebration with zeal and merriment creates great memories and strengthens the bond between friends and family.

International Yoga Day

On International Yoga Day, we ensured our participation with a brief yoga session conducted across different branches of WebMobril. Our employees joined the celebration by performing different 'Asanas', promoting holistic health practices and the power of Yoga.

Republic Day

Republic Day is the euphoric celebration of togetherness and our unity in diversity, regardless of religion, ethnicity, and philosophy. The same thought echoes in WebMobril.

Christmas Celebration

Little gestures speak the loudest! Christmas celebration is always special for us as Santa Claus ring the bell at Webmobies to shower surprising gifts, love and care.

Azadi Ka Amrit Mahotsav

This year, we celebrated Azadi ka Amrit Mahotsav, commemorating 75 years of Independence. As a mark of respect and honor to our Tiranga, our employees participated with full enthusiasm in 'Har Ghar Tiranga' campaign initiated by the Government of India.

EMPLOYEE TALK

From Developers to Designers, Quality Analysts to Business Analysts and Digital Marketers learn more about our employees and what it is like working at WebMobril Technologies

Poonam Yadav

(Associate Vice President - Human Resource)

To win the market place you must first win the workplace. We give our people a platform wherein they can spread ideas that works. For us our people are the most important assets.

The magic of our people is more than skills and experience. It's their thoughts and ideas that make us successful. We connect, we recognize, and we give them an environment to learn connect and explore, also, we catch them doing the right things and appreciate them.

Yes as a Webmoby

I am definitely proud to be a part of this dynamic growing connecting Group, it's an amazing experience to meet a young, experienced vibrant workforce and super supportive & understanding Management.

Connecting People and spreading smiles!

Cheers

Himanshu Kaushik

(Associate Director - Business Development)

We are a great company that values diversity not only in work but also in thoughts and experiences.

The Leaders of our family have designed our core values that value human first than business.

As a Tech lover we create your Vision into reality and that is what we proud of.

Let's together make this world a better place to live with the flavour of technology into it.

Proud to be a part of "WebMobril" an amazing, young, dynamic and supportive cultured company. Here we develop dreams into reality with great experiences of our leaders.

Bed Prakash Saraswat

(General Manager - Admin & Accounts)

I have always been given the freedom to innovate, execute and implement solutions. The Management is ever receptive to ideas and addresses concerns with a sense of commitment and involvement. The team here is like family and it is a joy to come to work each day.

The fabric of culture in WebMobril is one of high values, trust, sensitivity and transparency.

Lavleen Duggal

(Associate General Manager - Business Development)

My Experience with WebMobril has been Great. I was the 28th Employee when I joined this Organization back in 2017 as Business Development Executive.

In the past 4.5 Years the organization has grown to 300+ in-house professionals with me being promoted from Entry Level executive to Associate General Manager - Business Development. The guidance and support from the Management has helped me a lot in growing professionally. The environment in this organization has even helped me to keep a balance between my work life and Personal life.

Happy to be a part of an amazing team and looking forward to keep excited future ahead.

Ravish Kumar

(Manager - UI/UX)

A company like no other! Good business ethics, supportive management, trust, and respect among employees – that's what WebMobril is all about. It's really a blissful workplace!

I have always been respected and motivated to try new responsibilities which have pushed me to thrive for excellence. I have learned that your quality of life depends on the type of people you are with.

Jitender Singh Shekhawat

(Team Lead - Digital Marketing)

It's a proud and happy moment to be part of WebMobril, I love the freedom, fun, and self-confidence that comes with my career at WebMobril Technologies as well as the unique entrepreneurial spirit that can be felt throughout the company and also provides work stability and confidence to both, employees and customers.

Being associated with WebMobril is truly amazing. I have got the opportunities to work with top clients across the globe, utilize my skills, and compete in the market by learning new techniques and domains. WebMobril has always been supportive in sharpening my career, accomplishing the challenge, and maintaining a healthy work-life balance.

Shailesh Saraswat

(Manager - Technology)

WebMobril is a great place for creative minds to apply their skills and knowledge. I have always had the opportunity to go beyond my designated role, making my career progress really impressive. Flexible timings, friendly atmosphere, great technical people, freedom to express, and solid career opportunities - have made my stay here enjoyable and worthwhile. Joining WebMobril at the starting point is the best thing that has happened to me.

EMPLOYEE TALK

From Developers to Designers, Quality Analysts to Business Analysts and Digital Marketers learn more about our employees and what it is like working at WebMobril Technologies

Pooja Puri

(Associate Tech Lead - Software Development)

What makes WebMobril unique is the inclusive and caring culture that is not only reflected across all levels within the organization but also echoed by clients. My manager is so understanding of all my needs and provides leadership that fosters career and personal growth. I have worked for many companies in the past, and WebMobril is the best workplace so far. I'm grateful to be a part of such a great group.

Kashish Kumar

(Senior Manager - Quality)

I'm grateful for the enriching experience and tremendous learning curve offered by the organization. None of this would have been possible without the constant guidance and support of my colleagues. Process-oriented culture, appreciation at milestones and flexibility grants a balanced working environment thus improving the overall employees' efficiency. And I certainly met some really nice colleagues here who have become friends for life.

Anil Saraswat

(Project Manager)

I enjoy WebMobril's unique culture, which is substantial to the journey of my career. Business-wise, the competency and experience of our colleagues have built a prominent reputation in the industry. When it comes to employee culture, the company has various activities like team-building, company outings, and charity events. The company is also very generous in benefits and flexible work schedules.

Sandeep Singh

(Technology Lead)

WebMobril has provided me a great opportunity and the team has guided me, whenever needed. The uniqueness of WebMobril is that you learn every day. Friendly atmosphere, people with great technical knowledge, freedom to express, solid career opportunities – have made my stay here enjoyable and worthwhile.

Amit Tilara

(General Manager - IT)

It's said , if you want to build a culture of high performance, start by taking a look at your office environment. It matters more than you may realize. WebMobril gives us such environment to work freely. We have a strong employee Bonding, good work culture. One can enhance her or his skill through the learning process of the work culture if he/she wants to do the same. I am happy to be a part of this organization. Best Wishes for WebMobril.

Pinaki Sen

(Associate Manager - Accounts)

Office is the place where we spend more time than home. I feel happy to join WebMobril, as WebMobril provides the perfect work environment, enjoying and supporting each other like a family.

Swaraj Sudish Gupta

(Associate Director - Technology)

The best thing about working with WebMobril is the clear vision of the company. I am glad that I am part of a great organization and helping to achieve this vision. It always feels great to lead an outstanding team and continuously guide them to be future leaders. My diversified roles and responsibilities are some of the key reasons for a long-term association with the organization.

Sapna Singh

(Technology Lead)

It's been a wonderful journey for me. A very good place to start your career with. There is absolutely no discrimination between experienced and fresher. I have been working here for a year and I have had a great run. Good work environment, work timings, and friendly colleagues. And you get to work with really cool people on quite interesting projects.

Shivangi

(Sr. Solution Consultant - Business Analyst)

WebMobril empowers their employees with latest tools & technologies. They acknowledge, appreciate and push their employees in order to attain the greater heights. The vision of our management always keep our spirits high. It is wonderful to be part of such beautiful family.

EMPLOYEE TALK

From Developers to Designers, Quality Analysts to Business Analysts and Digital Marketers learn more about our employees and what it is like working at WebMobril Technologies

Ashish Sthapak

(Manager - Business Development)

WEBMOBRIL-It's true at the heart of every success is great communication, and that is the best part of my company.

THE HAPPIEST & GREAT PLACE TO WORK.

Whenever I think about my company (WebMobril), only one word will come into my mind that is "Positivity". Our company and management provide us positive workplace where you will find trust, cooperation, safety, risk-taking support, accountability, equality, and open & honest communication. I feel more at home, more comfortable and more supportive than I ever had before.

To the Management-

Thank you for putting in the extra effort during this busy time to care about our company culture as well as our employees. The client truly appreciates it, and your positive attitude has helped us all stay motivated & passionate.

Munshad Saifi

(Technology Lead)

WebMobril Technologies has a huge role to play in my career building. Work culture at WebMobril is really friendly and has helped me a lot in polishing Multi Technologies, I learn different things everyday because of subordinates' curiosity.

There's a lot to learn from the management as well, Client interactions has made me understand apps from architectural level and I feel more confident in tech industry now.

The play area is a fun place to be after completing day's work.

I am really thankful for all the knowledge and experiences I've gathered here.

Kushagra Juneja

(Manager - Business Development)

WebMobril has always given me opportunities, an approach, and support to accomplish and achieve. Here, we practice, believe, and inculcate transparency, trust, and respect as major ingredients to building healthy relationships with external and internal clients.

Shobhit Sharma

(Head - Accounts)

WebMobril & its management very supportive. It's an amazing place to work. Office timing is very comfortable. Learning process is always encouraged and training on the latest technologies help stay updated.

Nitish Morya

(Deputy Manager - Human Resource)

Its been around two years very soon now for me, where during my tenure with WebMobril I have experience the actual meaning of growth, expansion, spreading our wings pan India, where I've seen that company's growth is directly connected with performance of every resource & individual's personal and professional growth.

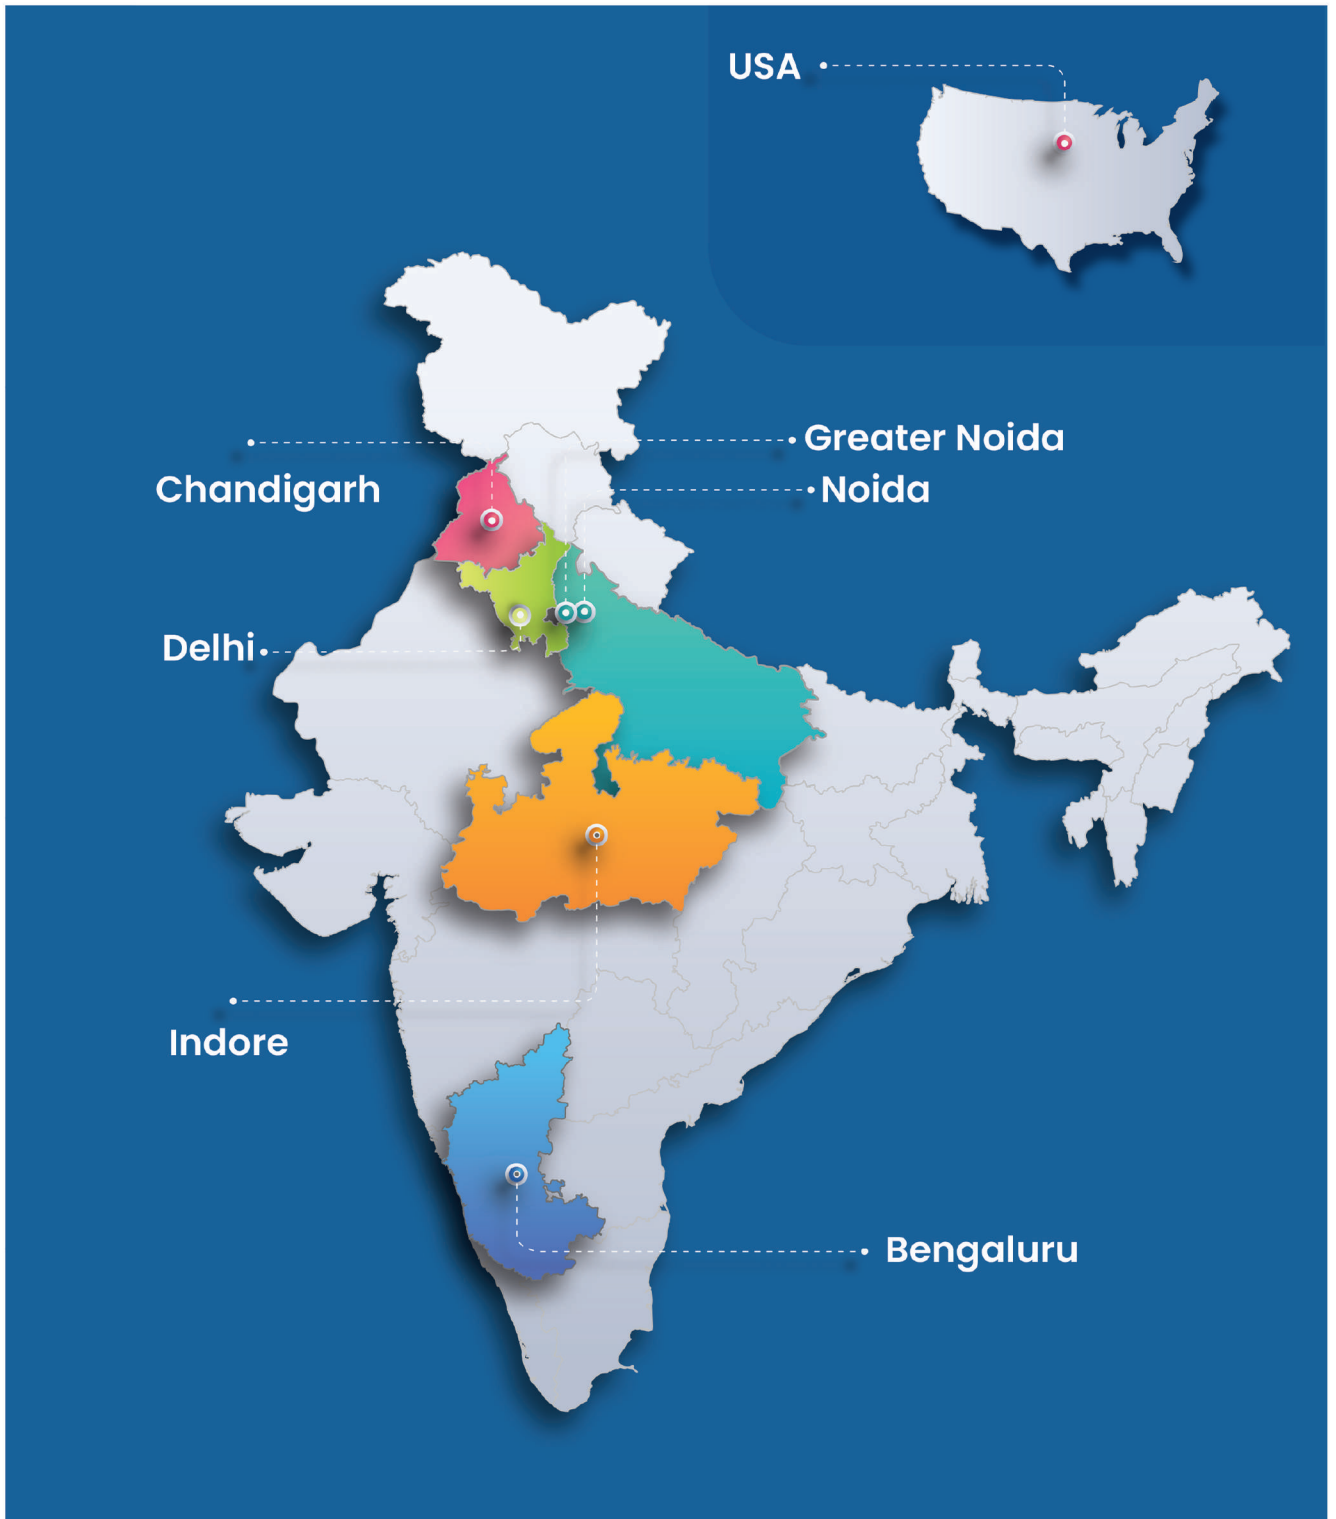

I can proudly and loudly say that, its been a wonderful journey so far and I love to be a part of WebMobril family where everyone can feel safe and secure professionally.

Thanks to management members, my boss cum mentor who is always there with open arms to support.

WEBMOBRIL'S PRESENCE

As one of the top-rated IT Companies, we maintain a global customer base through our strategically located branches in India and the US.

OUR CORPORATE SOCIAL RESPONSIBILITY

RESPONSIBILITY
IS THE PRICE OF
FREEDOM.

FREEDOM IS AN
ILLUSION. IT ALWAYS
COMES AT A PRICE.

WebMobil Group has created a space for itself in the industry not only as a technology and innovation forerunner but also as an organization that 'cares'. Our corporate social responsibility endeavor, known as 'Brij Care Foundation, aims to make a difference in society with its various social engagement programs.

Brij Care Foundation's goal is to resolve issues in the realm of education and vocational skill training and enable the beneficiaries to secure a promising tomorrow. Given this, Brij Care Foundation is providing a short-term, job-oriented Free Technical Training program which focuses on economically weaker youth to make them job-ready.

CLIENT REVIEWS AND TESTIMONIALS

Our clients praise us for our great results, tailored services, expert knowledge and on-time deliveries. Here are what just a few of them had to say.

John Alexander Project Name: Land Mogul App

WebMobril has done an amazing job on the creation Of my computer platform. My knees were very specific and I didn't know if I could find programmers that could program the nuance I needed in my platform but WebMobril pulled it off with flying colors. Being a programmer myself I was able to appreciate the challenge I gave the team at webmobril. They were able to understand exactly what I needed and then delivered it with a minimum of oversight.

After the web platform was delivered and went live and payment was paid in full they continue to be there for me to make sure any bugs we might have missed, and aren't usually found out until weeks later, were fixed at no additional charge. It is difficult to trust companies in today's marketplace but WebMobril went above and beyond in making sure I was completely satisfied with their

I highly recommend that if you need any kind of software development completed with a high degree of professionalism, contact WebMobril and experience working with the best.

Amanda

Project Name: Music Game App

Hello WebMobril Team,

Thank you for bringing my app to existence with your patience, understanding, and resourcefulness. In the beginning, I have doubts as to whether this is feasible – after all, we are continents apart and can only meet and talk over the internet. But step by step, an idea becomes a fun game app available both in the Apple App Store and Google Play Store.

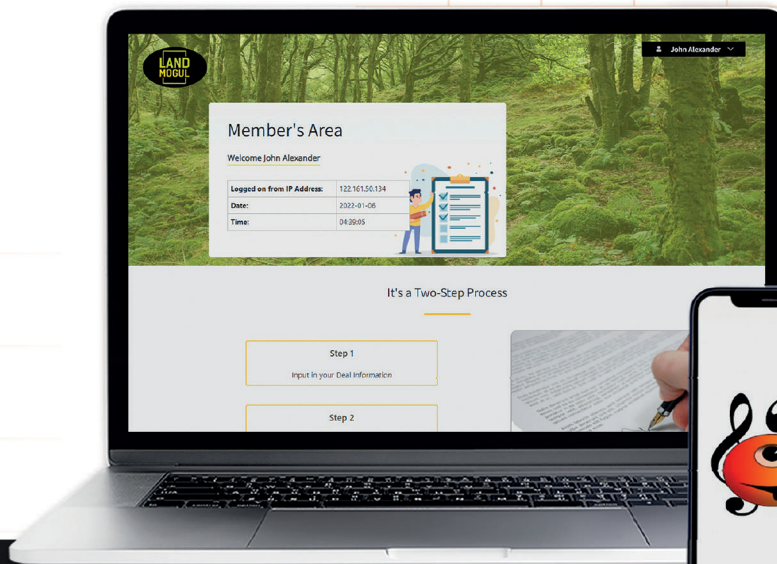

Swaraj, thank you for using your technical skill to manage moving musical notes. Pooja, thank you for arranging meetings and prodding me when I am lazy. Anant, thank you for imparting me the confidence to start the project.

If you have an idea for an app but do not have enough skills to complete the creation, I strongly recommend contacting WebMobril and having a chat on how to continue. You will be pleasantly surprised.

- ✦ 24/7 Customer Service
- ✦ End to End Event Management
- ✦ Service Level Agreements and Vendor Management

Customer Testimonials

“

It was good experience with WMTC travel agency. Whole Kashmir trip was very well arranged. Travel agent people were in touch always, and would be available when required. Rooms booked were good with cooperative staffs. Hospitality of localites was impressive. The only minus point was, we were not informed that our prepaid SIM wouldn't work there at Kashmir. It would have been very useful if we had knew this before leaving to Kashmir.”

Chetan Kumar
(CEO)

“

The stay was pleasant and we are really thankful for support that you extended during the stay there to conclude with the confusion that Hotelier roasted up there. Again thanks a lot for your efforts & support for making this booking & making the stay there pleasant.”

Anshul Gupta
(Chartered Accountant)

“

We had lot of fun in Maldives. Thanks for providing package info and procedure. Everything went smoothly. We will get in touch future as well for another tour package. Once again, thanks for giving each details & itinerary. It really helps us a lot. We will sure get in touch in future for other tour packages.”

Shivendra P Singh
(CEO)

Employees Speak

Pankaj Chaudhary

(Vice President – MICE)

I believe that our environment plays a big role in shaping our level of happiness and engagement in life. The element that helps drive this for me is “**accountability and ownership**”.

To understand it better, I often use the analogy of the family ecosystem and one's role in it.

I believe that we should perform our jobs with the same mindset as we approach family tasks.

An employee who feels a sense of purpose is most likely to be enthusiastic about work, rise in their career and form stronger bonds with colleagues. I would love to see you all reflecting upon it and see if this helps us to become a strong WebMobril family in the coming years.

Our Clients

We're proud of what we've been able to achieve. Our clients are our spine and to serve them the best way possible, brings us a sense of satisfaction.

All we have
 "Happy Customers" and "Positive Feedback"

TRIPS

Always say yes to new adventures; with this motto, we look forward to many more new adventures and creating memories and leaving footprints.

WEBMOBRIL STAFFING SOLUTIONS

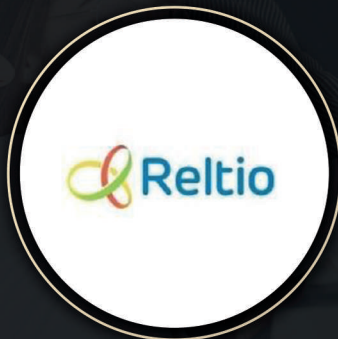

We started our business expansion in the year 2021 with WebMobril Staffing Solutions. The venture is bridging the gap in supply and demand of workforce for other organizations, so they can focus on their business growth while we find them the best resources. WebMobril Staffing Solutions demonstrates the difference between recruitment and effective recruitment with a personalized talent acquisition service.

MEET OUR PARTNERS

WebMobril Staffing Solutions aspires to become the leader in the industry by establishing a long-term relationship with the clients. We help our clients develop better staffing strategies to secure the best qualified employees who are retained for longer periods.

IBEM SOLUTIONS LLP

Gaining a competitive edge in the market, WebMobril Group of Companies made a long jump in the business by becoming an angel investor to IBEM LLP & B2B Streets. IBEM is a Leading Platform offering comprehensive branding, advertising & marketing solutions to different business brands.

B2bStreets.com is one of India's largest online B2B marketplace and the World's 1st Business Visual Directory, enabling virtual presence and connection between suppliers & buyers.

IBEM has evolved over time as the Top Digital Marketing Services, Event Management and Filmmaking Company. We are committed to empowering businesses to translate creative ideas into reality through our innovative result-oriented marketing solutions. We understand every business and its requirements are unique, so we do not offer a 'one-size-fits-all' solution. What makes us stand out from others is the tailored services aligned to the nature of your business and target audience. The solutions we build, the innovation we achieve, and everything we offer is driven by a predefined process.

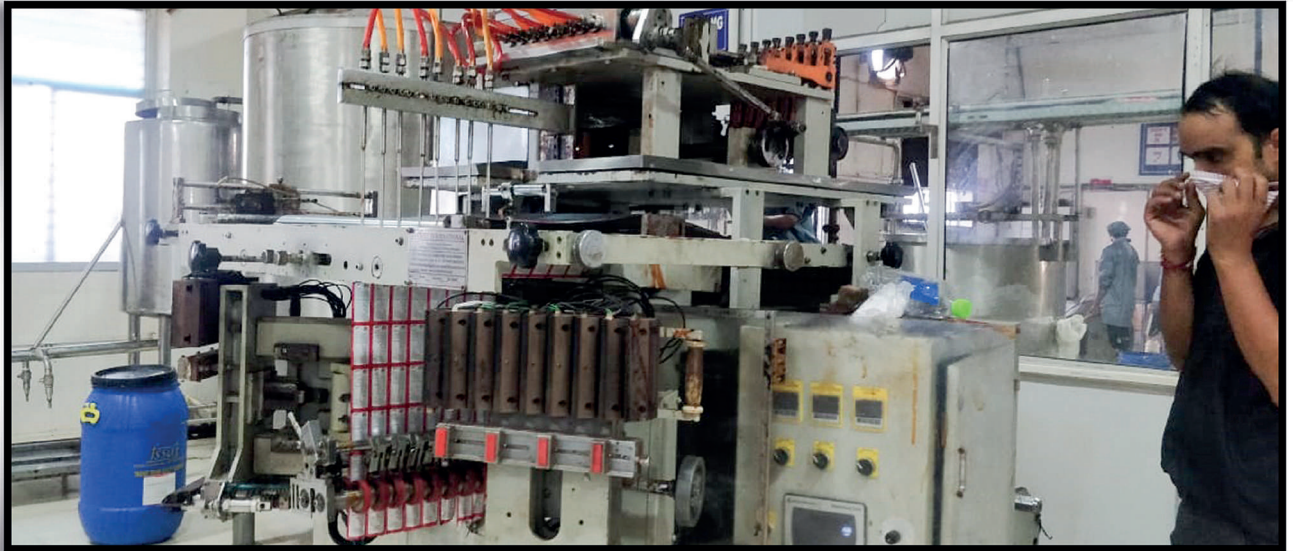

NUTI FOOD SCIENCE PVT. LTD.

The year 2022 has started on a rising note as WebMobril Group of Companies welcomed another venture - Nutri Food Science Pvt. Ltd. to the group. It's a rising FMCG brand offering a wide range of food products developed 100% based on Vedic beliefs and recipes to serve a unique taste with nutrition.

The best method to improve your health is to give your body and mind exercise, rest, and nutrition. We provide nutrients for both the body and the mind. Our 100 percent healthy and nutritious food and beverage products boost immunity, detoxify and cleanse your body, reverse aging, and infuse life energies for better physical and mental health. Every day, we endeavor to manufacture high-quality food and beverage products. We feel that life should be celebrated. Every day, millions of people enjoy our healthy food items, and we strive to make every experience with them

INFRASTRUCTURE IS THE BACKBONE OF GROWTH FOR ANY ORGANIZATION.

BRIJ CARE FOUNDATION

A CSR initiative of WebMobril Technologies, Brij Care Foundation has emerged as a hope for a marginalized young section of society, who are deprived of access to their basic right of employment and skill development due to their weaker economic status. The foundation is consistently working towards the upliftment of society by fostering free skill development training programs in the IT Sector.
